NEW! PARENT - TOT CLASS

This 30 minute class is for children ages 18 months to two years, along with mom or dad. This class is an excellent first group activity that introduces children to dance in a fun and encouraging atmosphere. The teacher will guide the parent/tot team in a way that makes discovering movement, balance, rhythm, and listening skills easy and fun! This class covers basic stretches, ballet steps, movement across the floor, interactive nursery rhymes, and some basic tumbling.

By accompanying your child to these dance classes, you are creating a safe environment for them to feel comfortable branching out and trying something new.

As a parent, you will also get the opportunity to watch your child grow and observe how receptive they are to learning dance.
